

## Fiscal Year 2023 National Fire Academy-Sponsored (6-Day Off-Campus) Course List

Prerequisite requirements are listed on individual course webpages.

Course	Other important information
<b>Emergency Medical Services</b>	
N0158 — Emergency Medical Services: Quality Management	There is a pre-course assignment. 24 students maximum
<b>Leadership and Executive Development</b>	
N0335 — Administration of Public Assistance for Community Recovery	Course may require after-hours student work to complete required course activities. Multiple students from a given jurisdiction of surrounding areas is strongly encouraged.
N0645 — Leadership in Supervision	25 students maximum
N0763 — New Executive Chief Officer	25 students maximum. Students have 2 major pre-course graded assignments that are due upon start of class. Students need approximately 4 weeks' notice prior to class of assignments. This will preclude any last-minute student additions.
<b>Fire Prevention: Management</b>	
N0200 — Leadership Strategies for Community Risk Reduction	There is a pre-course assignment that is a graded activity for the course.
N0614 — Wildland Urban Interface: Fire-Adapted Communities	25 students maximum
N0629 — Youth Firesetting Prevention and Intervention	25 students maximum  Students visit a residential treatment program for youth firesetting (either in person or virtually) to enhance interviewing skills involving high-risk populations.  There is an extensive, graded pre-course assignment that prepares students for engaging in the subject matter and working with firesetting youth. Students should be able to access National Fire Protection Association (NFPA) 1035 to review the youth firesetting intervention specialist and program manager portion of the standard.
N0670 — Community Risk Reduction: A Policy Approach	There is a pre-course assignment.

N0671 — Managing Effective Fire Prevention Programs	There is a pre-course assignment to bring to class.  Students should be able to access NFPA 1031, 1033, 1035 and 1037.
<b>Fire Prevention: Public Education</b>	
N0378 — Demonstrating Your Community Risk Reduction Program's Worth	There is a pre-course assignment.
N0673 — Service Area Risk Reduction	There is a pre-course assignment that is a graded activity for the course.
<b>Fire Prevention: Technical</b>	
N0390 — Fire Inspection Principles 1	20 students maximum. There is a pre-course assignment.
N0391 — Fire Inspection Principles 2: Inspection of Structures and Systems	20 students maximum. There is a pre-course assignment.
N0396 — Strategic and Tactical Considerations for Fire Protection Systems	25 students maximum
<b>Hazardous Materials</b>	
N0243 — Hazardous Materials Incident Management	
N0615 — Hazardous Materials Code Enforcement	
N0655 — Advanced Science of Hazardous Materials/Weapons of Mass Destruction Response	
<b>Incident Management</b>	
N0314 — Command and Control of Fire Department Operations at Target Hazards	Course requests must be approved by the training specialist on an individual basis due to the simulation needs and the content needed to deliver the course effectively.
N0312 — Command and Control of Incident Operations	Course requests must be approved by the training specialist on an individual basis due to the simulation needs and the content needed to deliver the course effectively.
<b>Planning and Information Management</b>	
N0491 — National Fire Incident Reporting System: Program Management	
N0492 — Emergency Resource Deployment Planning (SOC)
