

## **Course Information Sheet**

### ***The Incident Command System***

**Objective:** This course is designed to develop an understanding of the Incident Command System and its application in both emergency and non-emergency situations.

**Description:** This course addresses the need for an incident command system, an overview of the structure and flexibility of ICS, and an understanding of the command skills necessary to function effectively in an ICS structure. This course is the equivalent of ICS 100 and ICS 200.

**Class Size:** 25

**Length:** 14 Hours

**Student Selection Criteria:**

All first responders with responsibilities to use, deploy, and/or function within the incident command structure at emergency incidents or large non-emergency events.

## Course Information Sheet

### *Introduction to Unified Command for Multi-Agency and Catastrophic Incidents*

**Objective:** To develop a better understanding of the complexities of multi-agency incidents, and the skills necessary to operate in that environment.

**Description:** This course is designed for those officers who would likely function in a Command or General Staff position during a multi-agency operation. Students will be exposed to lectures and activities designed to promote a better understanding of multi-agency needs and a Unified Command structure. This course is designed to provide an understanding of the requirements of a Unified Command organization and the skills necessary to operate effectively at complex incidents.

**Class Size:** 25

**Length:** 14 Hours

#### **Student Selection Criteria:**

- Officers who have command responsibilities.
- Officers who are upwardly mobile and act in the position of a command officer.
- Officers, regardless of title, who would function in a command or general staff position during a Unified Command Operation.
- Those officers who are initially responsible for setting up the Incident Command Organization.
