

Summary and Wrap-Up

Objectives

After completing the Summary and Wrap-Up the student will be able to:

1. Describe the benefits that Version 5.0 of the National Fire Incident Reporting System (NFIRS) provides.
 2. Identify and properly describe the use of the Modules that are included in NFIRS 5.0.
-

Summary and Wrap-Up

This activity will help you to review the important topics covered in the NFIRS 5.0 modules. During this activity, you will check your understanding of the issues discussed in the modules. Work from memory as you complete this activity.

1. Describe six benefits of participating in the NFIRS 5.0 system.

2. List the names of the modules in NFIRS 5.0 and provide a brief statement about what each module can be used for.

3. Describe six ways data collected through the use of the NFIRS 5.0 system are being used.

4. Describe at least one way that the NFIRS 5.0 data could be used that has not been mentioned.
