Fire Safety Checklist
for Homeowners and Renters

Put a check in front of each statement that is true for your home.

Smoke Alarms
- Smoke alarms are on every level of the home.
- Smoke alarms are inside and outside sleeping areas.
- Smoke alarms are tested each month.
- Smoke alarm batteries are changed as needed.
- Smoke alarms are less than 10 years old.

Test your alarm regularly.
Your smoke alarm is working if it makes a noise when you press the “test” button.

Carbon Monoxide Alarms
- Carbon monoxide alarms are located on each level of the home.
- Carbon monoxide alarms are less than 7 years old.

Electrical and Appliance Safety
- All electrical cords are in good condition and not broken or cut.
- People clean the dryer of lint after every use.
- All plug outlets are safe and do not feel warm when you touch them. (If they are warm, call the landlord or an electrician.)

Candle Safety
- Candles are in sturdy fire-proof containers that won’t be tipped over.
- Adults blow out all candles when leaving the room or going to bed.
- Candles are kept out of reach from children and pets.

Cooking Safety
- The cooking area has no items that can burn.
- People stay in the kitchen when they are frying, grilling, boiling, or broiling food.
- Pot handles are always turned toward the back of the stove.

Escape Plan
- There is a fire escape plan that shows 2 ways out of every room.
- Everyone knows where the safe meeting place is outside the home.
- Everyone living in the house practices the escape plan 2 times a year.
