

**Learning Objective:** The student will understand the Responder Rehabilitation Manager's responsibilities.

The Responder Rehabilitation Manager reports to the Medical Unit Leader or MEDL and is responsible for the rehabilitation of incident personnel who are suffering from the effects of strenuous work and/or extreme conditions.

- Review Common Responsibilities.
- Designate Responder Rehabilitation location and have location announced on radio with radio designation "Rehab."
- Request necessary medical personnel to evaluate medical condition of personnel being rehabilitated.
- Request necessary resources for rehabilitation of personnel (e.g., water, juice, personnel).
- Request through Food Unit or Logistics Section Chief feeding as necessary for personnel being rehabilitated.
- Release rehabilitated personnel to Operations Section or Planning Section for reassignment.
- Maintain appropriate records and documentation.
- Maintain Unit/Activity Log (Incident Command System Form 214).

For additional information regarding the Responder Rehabilitation Manager's responsibilities, the U.S. Fire Administration/National Fire Academy Field Operations Guide can be accessed at <http://feti.lsu.edu/municipal/NFA/TRADE/materials/TRADE%20CD%20XVI//WebHelp/index.htm>.
