Thank you for considering the National Fire Academy (NFA) for your state’s training needs. The following information will assist you with selecting NFA 2-day off-campus (F coded) courses for delivery in your state from Oct. 1, 2021, through Sept. 30, 2022.

Tips for a successful Course Call

Course Call is open April 1 through 30, 2021.

During this open Course Call period, you have the option of selecting your off-campus courses for the entire year or limiting your selection to courses that will be offered between Oct. 1, 2021, and March 31, 2022. You will have another opportunity to select off-campus courses for the second half of the year (April 1 through Sept. 30, 2022) when the second Course Call period opens in September 2021.

PLEASE NOTE: Fiscal Year 2022 State Weekend Program Dates

Due to the COVID-19 pandemic the fiscal year (FY) 2022 resident schedule has not been finalized. At this time, we cannot provide a list of available dates for the State Weekend Program (SWP) for FY 2022. Once the schedule is finalized for both schools, an updated weekend availability list will be sent. We are sorry for this inconvenience.

For the 2-day on-campus SWP courses, you must submit your first, second and third choice of dates for the entire year, along with the courses you plan to offer for that weekend. This will confirm that bed space is reserved for your weekend. These courses have a “W” code. We would recommend that you do not schedule your SWP during the month of October. If you do so, you run the risk of cancellation. In the past, several SWPs have been canceled in October due to budget issues, hurricanes, etc. If you schedule in October, and the weekend must be canceled due to unforeseen circumstances, we will do our best to assist you in rescheduling your weekend within the following 12 months. However, there is no guarantee of available bed space or that we can accommodate your request.

See the following instructions:

- Select a maximum of 9 “F” and/or “W” coded courses for the FY (Oct. 1, 2021, through Sept. 30, 2022).
- Email the NFA program manager about changes prior to course delivery.
Remember:

Avoid scheduling a course during the following holidays.

- Nov. 25, 2021 — Thanksgiving Day
- Dec. 25, 2021 — Christmas Day
- Jan. 1, 2022 — New Year’s Day
- Jan. 17, 2022 — Martin Luther King Jr. Day
- Feb. 21, 2022 — President’s Day
- April 17, 2022 — Easter
- May 8, 2022 — Mother’s Day
- May 30, 2022 — Memorial Day
- June 19, 2022 — Father’s Day
- July 4, 2022 — Independence Day
- Sept. 5, 2022 — Labor Day

Select courses from your dashboard now ➔
(Course Call closes April 31, 2021)

About our course offerings

Browse the list of courses available for delivery during our first semester. New courses may have been added or removed. If you have a course scheduled that is no longer on the list, you may still conduct that offering.

Select a course link to review the course description, student selection criteria and detailed course information. **Some courses have required pre-course assignment(s).**

NFA-sponsored courses are delivered over 2 full days. Contact hours do not include time for administrative activities, such as introductions, breaks, meals, exams and evaluations. You cannot alter the course schedule or number of instructional hours.

All NFA 2-day off-campus courses require 1 NFA-approved instructor.

The maximum number of students for most courses is 30. A few courses only allow a maximum of 20 students (see course list for specifics). If you need to request additional students, please contact us.

Instructions for selecting courses

All Course Call requests are made through the “dashboard.” The maximum number of “F” and/or “W” coded courses for the FY (Oct. 1, 2021, through Sept. 30, 2022) is 9.

When selecting course dates, please remember that scheduling on a holiday may affect student attendance.

ACE policy

The American Council on Education (ACE) requires a final “letter” grade assigned to each student. To pass the course and earn a certificate, students must receive a final grade of C or higher (score of 70% or above).

Train-the-Trainer

Your state may request a Train-the-Trainer (T-t-T) offering as 1 of your 9 deliveries of any course on the list. The target audience for a T-t-T includes training officers and state-approved instructors. Students in a T-t-T designated course must be individuals who are attending for purposes of teaching the course in the future. No mixed audiences are allowed as the purpose of a T-t-T is different than a traditional offering. A T-t-T designation request must occur at time of course call. NFA contract instructors may not be redirected nor self-choose to make an offering a T-t-T class. It is the state’s/local host’s responsibility to download the Instructor Guide from the dashboard and have it available for the T-t-T participants.
Contact the NFA instructor in advance to discuss the logistics and instructional delivery format of the course for a T-t-T delivery. If you would like to see the “T-t-T” designation included on the students’ certificates and transcripts, annotate this request on the cover sheet submitted with the applications.

**COVID-19 Safety**

The students must follow all state and local guidelines regarding the COVID-19 pandemic.

Thank you for your ongoing support of the NFA and the delivery of our courses!
State responsibilities

Course Coordination Plan and shipping information

- Submit an accurate and complete Course Coordination Plan (CCP).
- Make sure all addresses have a 9-digit ZIP code.
- Notify FEMA-NFA-OutreachTraining@fema.dhs.gov if there are any changes after you submit it.

Course materials shipment

The state is responsible for delivery of all course materials to the classroom site.

Post-course assessment

Provide feedback on the course delivery when requested by the NFA.

Host responsibilities

Student recruitment/application process

- Advertise the course and recruit/enroll students based on established student selection criteria. We will email the host 60 days before the course starts to find out how many students are enrolled.
- Email a student roster with a minimum of 10 names to FEMA-NFA-OutreachTraining@fema.dhs.gov at least 40 days prior to the course start date to receive approval for course delivery. Failure to enroll the minimum number of students will result in course cancellation. Rescheduling is not permitted.
- Notify students of any pre-course assignments. Assignments are due before the course begins.
- Inform students of any textbook requirements.
- Students applying for training must have a Federal Emergency Management Agency Student Identification Number (SID). Each student must complete the online General Admissions Application form (https://training.fema.gov/netc_online_admissions/); all data elements must be completed within 7 calendar days after the completion of the course (the online application will open on the first day of the course). The student must enter their State Training Director, State point of contact or local host as the Head of Sponsoring Organization (the individual who will be accepting or rejecting the applications). This person must be selected prior to the class to ensure that all students are listing the same Head of Sponsoring Organization.
Instructor coordination

- Provide or assist the instructors with suggested lodging accommodations on the CCP. Share the local lodging cancellation policy with the instructors to avoid cancellation fees. The NFA is not responsible for lodging cancellation fees.
- Provide ground transportation for the instructors from the airport listed on the CCP, to the lodging facility, to the class site and back to the airport. **Indicate on the CCP if ground transportation cannot be provided. The state/local host shall reimburse the instructor for rental car expenses.**
- Provide adequate classroom facilities and the required audiovisual equipment for the course delivery.

Course materials shipment

Verify receipt of the following materials 3 weeks prior to class delivery. If materials are missing, please contact FEMA-NFA-Outreachtraining@fema.dhs.gov. Materials include:

- Student Manuals (if applicable).
- Exams.
- Handouts.
- Student course evaluation cards.
- Course-specific support materials.

Class opening/classroom assistance

- Make welcoming remarks and introduce the contract instructor.
- Provide general classroom support during the course delivery.

Student evaluations and return of course materials

- Brief students on and initiate the end-of-course evaluation process. Instructors will receive log-on cards with directions for completing the online evaluation. Instructors shall provide sufficient time during regular class hours for students to complete the end-of-course evaluation survey and excuse themselves from the classroom during this time. In addition, instructors shall brief students on the NFA’s long-term evaluation process.
At the conclusion of the course delivery, the instructor will submit all course delivery materials — student roster with letter grades recorded, projects and graded exam sheets — to the state/local site representative. The state/local host will place all the course delivery materials in the NFA-supplied preaddressed, postage-paid envelope and return to the NFA. Test documents and any extra materials that were not used must be either returned or disposed of properly (e.g., shredded/destroyed) to ensure security and integrity of the course assessment process. **Note:** Graded exam answer sheets shall be given to the students for their review, but they must be collected and returned to the NFA with the course delivery materials in the postage-paid, preaddressed envelope.

Students may review graded exam answer sheets. After student review, collect and return all completed answer sheets to the NFA with the course delivery materials.

**Post-course assessment**

Provide feedback on the course delivery when requested by the NFA.

**National Fire Academy certificates**

The National Emergency Training Center Admissions Office will email certificates to students upon receipt of a complete course materials packet to include a letter-graded roster indicating successful completion of the course.
Prerequisite requirements are listed on individual course webpages.

**Emergency Medical Services**

F0166 — EMS Functions in ICS

**Arson**

F0770 — Fire Investigation: First Responders

**Terrorism**

F0549 — Emergency Response to Terrorism: Strategic Considerations

**Leadership and Executive Development**

F0520 — Executive Skills Series: Exercising Leadership Within Communities
