#### User Section

The Users' section provides information, registration, software and its user guides specific to the USFA NFIRS 5.0 software.

You will be contacted by your State NFIRS Program Manager

To login, click on "User Login" from the User Home Page.

when your account has been activated.

#### New Users

Users requesting a login username and password must register for the NFIRS 5.0 software. Your state must be participating in the National Fire Incident Reporting System, If you are unsure if your state is participating or when NFIRS will be adopted in your state, contact your State NFIRS Program Manager. If you are unsure of who your State NFIRS Program Manager is, contact the National Fire Information Council member for your state. A list of members can be accessed at the NFIC web site's Membership List, Once you have registered, your System Administrator will activate your account and you will be notified your account has heen activated.

To register for NFIRS 5.0 Software, proceed to User Registration.

#### Registered Users

Proceed to the <u>User Login</u> if you have already registered and have been activated.

To access and use the web-based Bulk Import Utility and the web-based Summary Output Reports Tool, specific permissions must be assigned to your NFIRS account. Contact your State Program Manager for information on using these tool

### NFIRS 5.0 Software, Version 5.4.2

#### Notice for Users with Version 5.4.1 or 4.4.0 installed:

To obtain the update to Version 5.4.2, in the On-line mode open the Data Entry Tool and follow the automatic update prompts.

Users with previous version 5.3.4 or earlier: to login in the On-line mode using the USFA NFIRS 5.0 client software, Version 5.4.2 is required.

Previous version users with data saved to an Off-line database should make a backup copy of the Off-line Database before proceeding with Version 5.4.2 installation.

New users may refer to the <u>Tutorial</u> for general help with download and installation.

To generate, retrieve, and print Forms Based Incident Reports, Adobe Acrobat Reader Version 3.02 or higher must be installed on the PC. The Adobe Acrobat Reader can be obtained at no cost from the Adobe website. Go to http://www.adobe.com and search for Adobe Acrobat Reader.

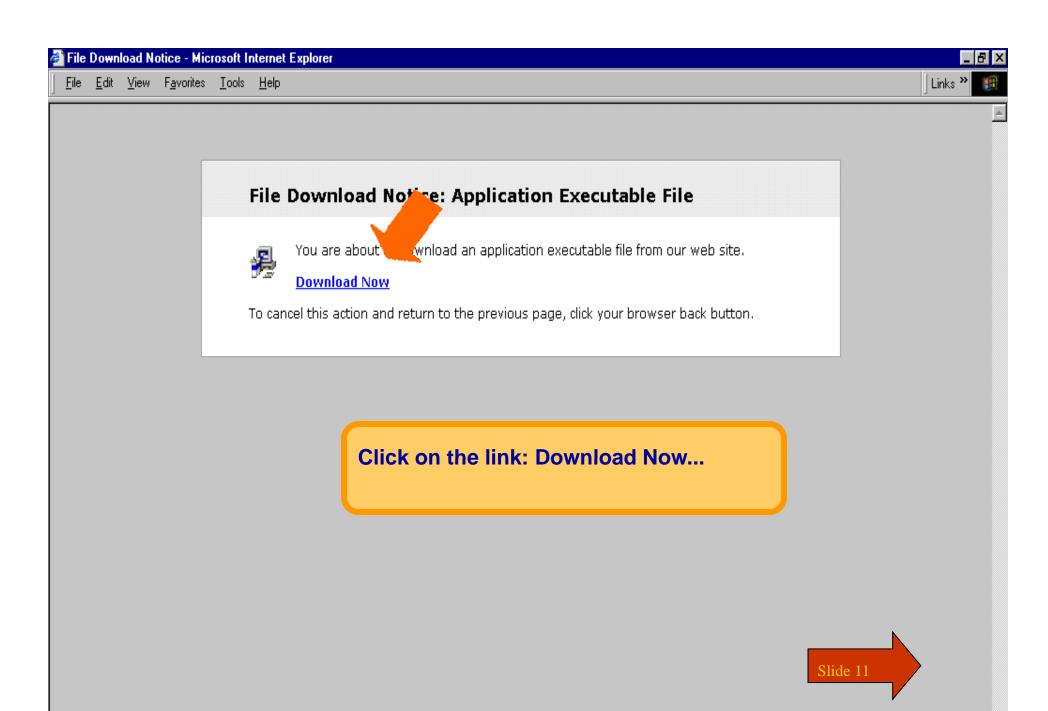

Download and install the USFA NFIRS 5.0 Software Version 5.4.2 from the links below.

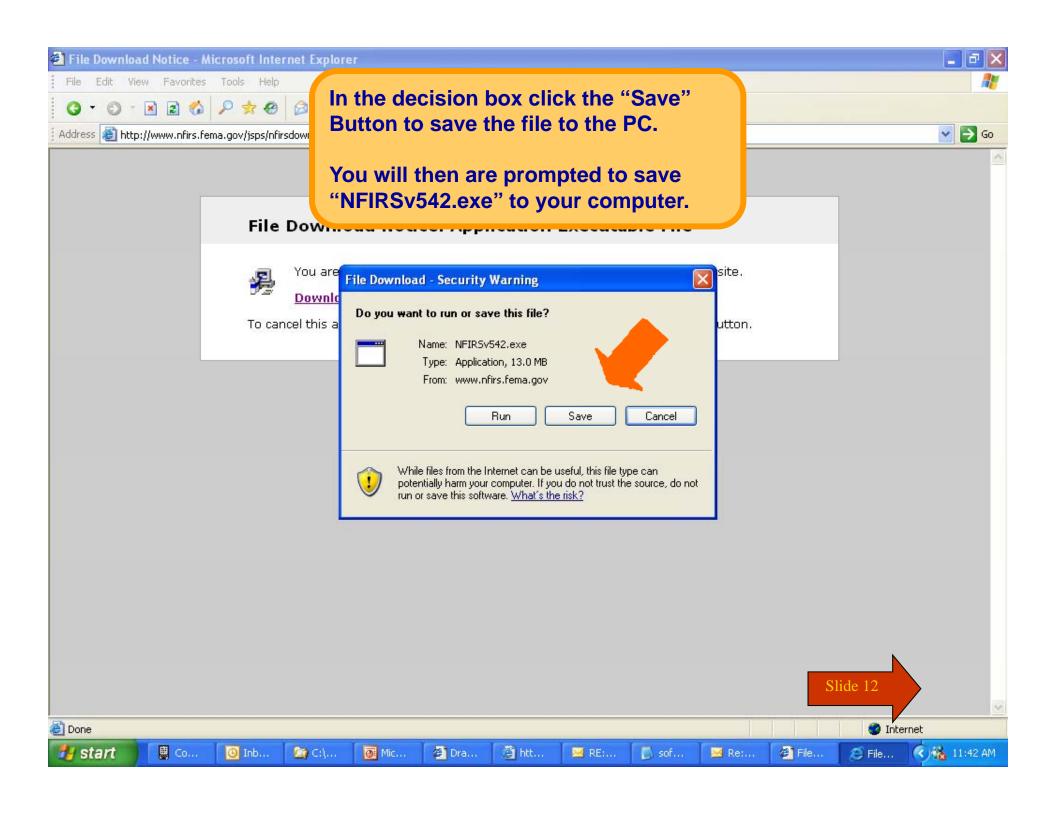

For step by step instructions for stalling Version 5.4.2 and un-installing all other versions, users should refer to version 5.4.2 Information and Instructions page or the Readme.txt file.

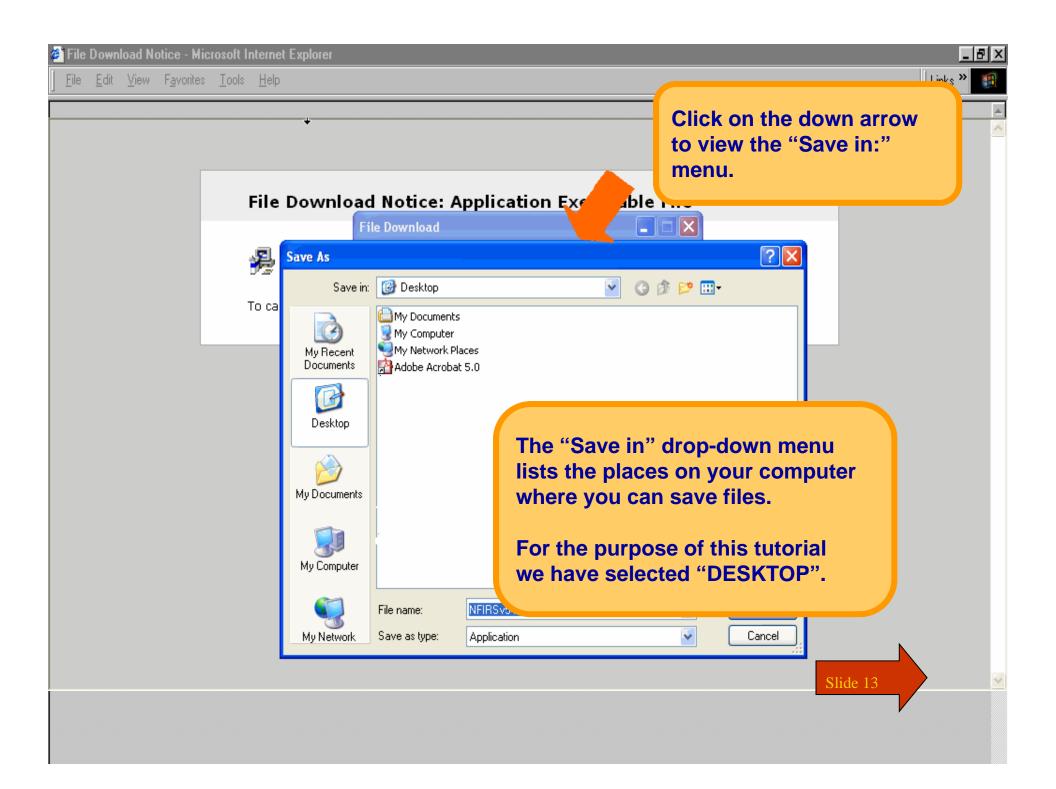

#### Download - Select from one of the sites below:

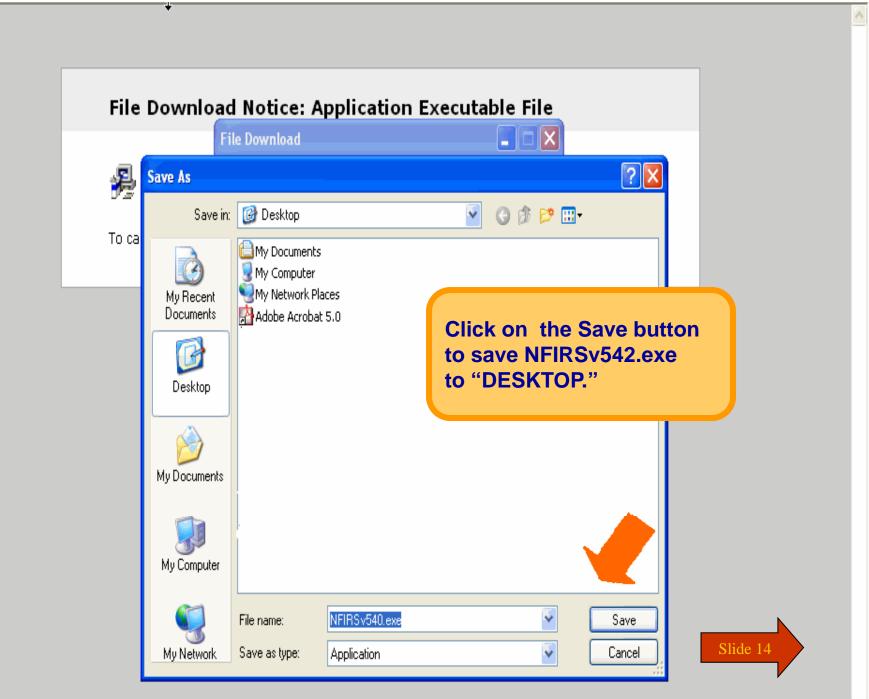

NFIRS 5.0 Client Version 5.4.2 (Application, 13 Mbytes)

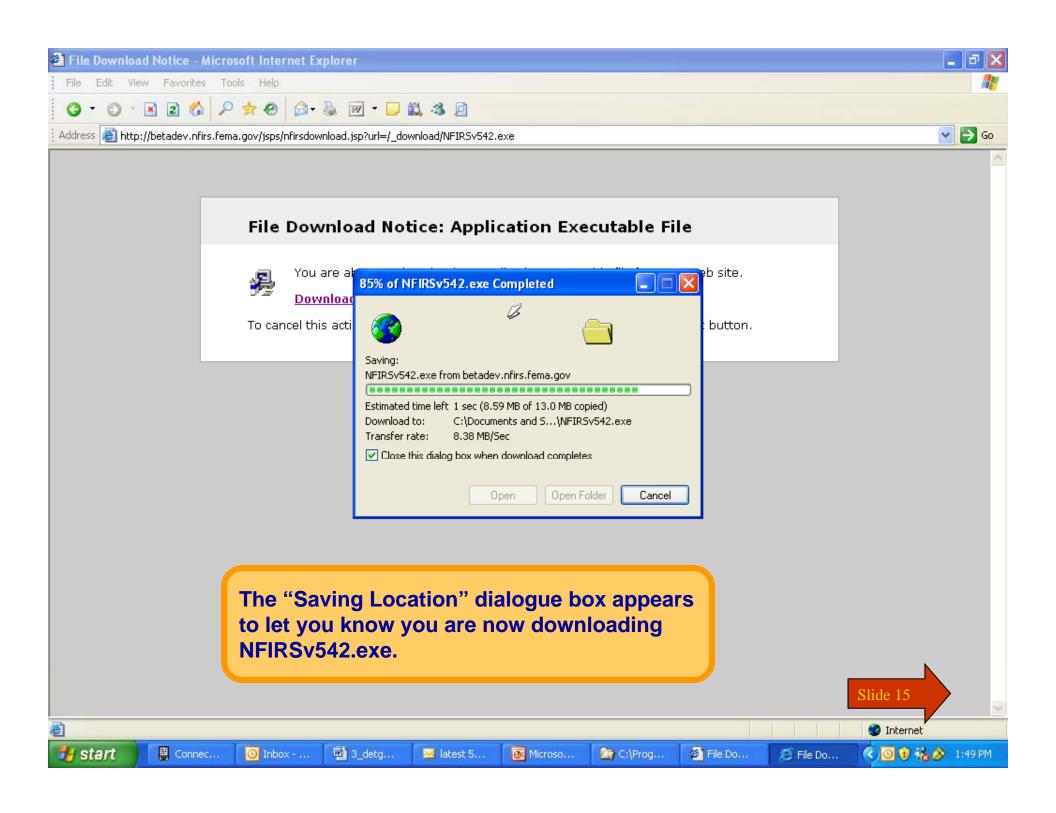

Washington D.C. Download Site (recommended).

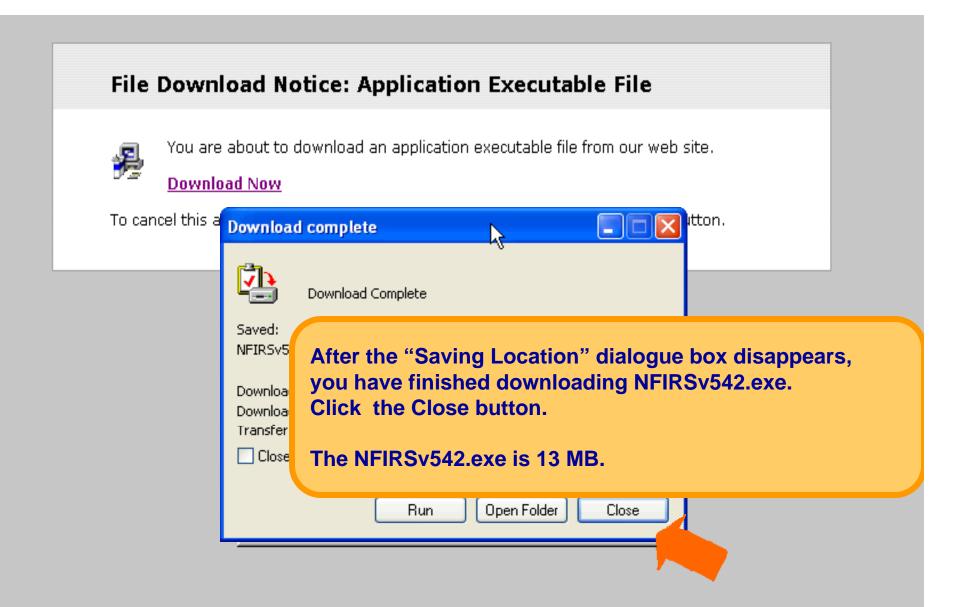

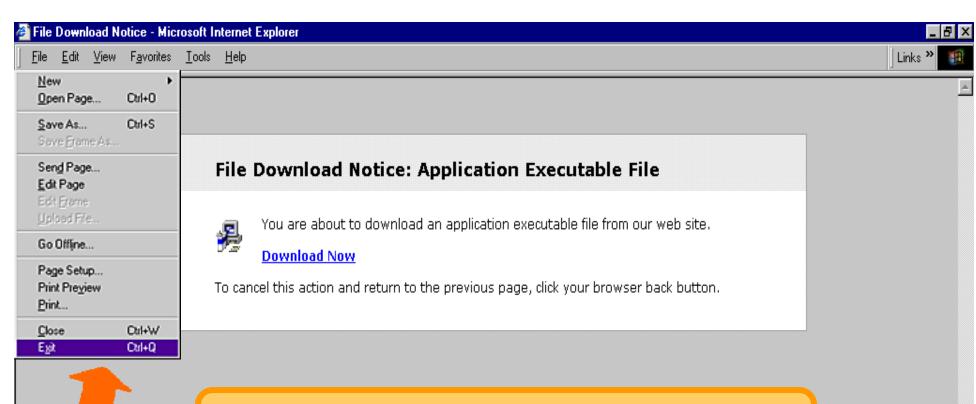

Select Exit under the File menu to exit your web browser, or click the X in the upper right corner.

On your Desktop, locate NFIRSv542.exe.

Double click on NFIRSv542.exe to setup and install NFIRS 5.0.
